Tie Dye Care Instructions

LET IT SET

Leave the garment in the bag provided for at least 6 hours for the magic to work

(For best results leave over night)

RINSE IT OUT

This is the best part! Get ready...

1) Remove garment from plastic bag

DO NOT REMOVE THE BANDS YET

2) Rinse your tie dye with cold water

3) When the water turns clear, remove rubber bands :)

After Care Instructions

Now you're ready to wash your new tie dye garment.

Put it in the washing machine by itself on a

40° synthetic wash with non-bio detergent.

Then dry and ENJOY!
